

Strawberries 2023-2024

LTD Mignonette (*Fragaria vesca*)

- A compact wild strawberry (woodland strawberry) with little to no runners
- Known for its intense aroma and flavour
- Produces an abundance of attractive, red fruits during a long harvesting period, from early summer onwards
- Suitable for sheltered, sunny or semi-shaded locations

Flower: single white flowers

Fruit: medium (dark) red fruits

Brix%: 8-10

Vigour: medium

Growth type: spreading

Fragoo® Rose 'Toscana'

- A beautiful plant with large, unique deep rose flowers that turn into large red fruits
- A real stunning plant in your garden with large, delicious and juicy fruits

Flower: single white flowers

Fruit: medium bright red fruits

Brix%: 8-10

Vigour: strong

Growth type: trailing

Fragoo® White 'Loran'

- Loran is very well suited for early season production
- Suitable for high density growing as it has hardly any runners
- It produces large deep red tasty fruits
- Fruits will develop throughout summer in flushes

Flower: single white flower

Fruit: large deep red fruits

Brix%: 9-12

Vigour: compact

Growth type: trailing

Fragoo® Elan

- Strong vigour and runners, best suits hanging baskets or balcony boxes
- Dark green leaves combined with large white flowers make it an attractive plant to look at
- An excellent performer with a long harvesting window from June - October
- Elan's fruits have an excellent taste and a naturally higher percentage of Vitamin C (30-50% more compared to other strawberries)

Flower: single white flowers

Fruit: large red fruits

Brix%: 10-13

Vigour: strong

Growth type: trailing

Fragoo® White 'Beltran'

- An early flowering strawberry with fruits early season
- Continuous fruiting for long harvesting period
- A vigorous and semi trailing yet compact shape, makes Beltran perfect for balcony boxes and baskets

Flower: single white flowers

Fruit: medium bright red fruits

Brix%: 9-12

Vigour: medium

Growth type: trailing

Fragoo® Hot Pink 'Frisan'

- A unique appearance due to its neon pink flowers
- It is best suited for hanging baskets and balcony boxes due to its vigorous habit with runners
- Easy to grow and fast to finish

Flower: single hot pink flowers

Fruit: medium red fruits

Brix%: 9-12

Vigour: strong

Growth type: trailing

Fragoo® Summerbreeze Rose

- Unique for its double, bright and rosebud-like flowers that look very attractive in combination with the fruits on the plant
- Compact growth with hardly any runners

Flower: double deep rose flowers

Fruit: medium bright red fruits

Brix%: 8-11

Vigour: medium

Growth type: upright

Fragoo® Summerbreeze Cherry Blossom

- Unique for its double, cherryblossom coloured flowers that look very attractive in combination with the fruits on the plant
- Compact growth with hardly any runners

Flower: double cherryblossom flowers

Fruit: medium bright red fruits
